

POWER CLEANING T8

HIGHLY CONCENTRATED ALKALINE DETERGENT

For Professional Cleaning and Degreasing

Highly concentrated alkaline detergent designed for the removal of heavy grease, carbon deposits, baked-on residues and other stubborn organic contaminants from a wide range of surfaces.

APPLICATION

Highly concentrated alkaline detergent intended for professional use.

Effectively removes stubborn grease, carbon deposits, baked-on residues and soot from various surfaces and equipment.

SUITABLE FOR CLEANING:

Ovens

Smokehouses

Baking ovens

Grills

10L

WIDE RANGE OF APPLICATIONS IN PROFESSIONAL FACILITIES

Tunnel Ovens

Ovens and Baking Chambers

Grills

Smokehouses and Ventilation Systems

Production Lines

Industrial Equipment and Work Surfaces

DOSAGE

From 2% to 10%, depending on the level of contamination.

20 ml – 100 ml of product per 1 litre of water

Recommended concentration: 2% – 10%

APPLICATION

- 1 Apply the diluted solution to the surface to be cleaned.
- 2 Allow the product to work for several minutes.
- 3 Rinse thoroughly with clean water.

RECOMMENDATION

If ovens, smokehouses or grills are preheated to 45–50°C, the product acts faster and significantly reduces the cleaning time.

ADVANTAGES

- ✓ Powerful degreasing action
- ✓ Excellent removal of grease and carbon deposits
- ✓ Suitable for various industrial surfaces
- ✓ Economical due to high concentration
- ✓ Easy to rinse

SAFETY

Wear protective gloves and eye protection.

Ensure adequate ventilation during use.

Wash hands after use.

GHS CLASSIFICATION

CORROSIVE TO METALS
CATEGORY 1 – H290

SKIN IRRITATION
CATEGORY 2 – H315
